**Letters sent home & e-School messages this week:** Trip to Natural History Museum (Y3), Woodrow High House Trip Zoom Meeting for Parents (Y5) Change of School Meals Option Today

Dear all

The sunshine, and it being just a little bit lighter on my journey to school this morning, have put a smile on my face this morning; I hope it might have the same effect for some of you.

We have not escaped some absence, staff and pupil, through COVID-19 infections, but so far, the disruption is manageable. Thank you for your patience if not everything runs as smoothly as you are used to. A number of asymptomatic infections have been picked up by the daily use of Lateral Flow tests so a big thank you to all those who are helping to minimise the spread of infection by doing this for children in year groups where we have notified you of cases.

You may have been seen that there are further changes to government guidance regarding isolation periods following a COVID-19 infection. However, there will be no change to our Risk Assessment and Parental Agreement which continues to specify a 10-day isolation period. The reasons for maintaining this protective measure were explained in the letter sent last week.

My very best wishes for a happy weekend with your families.

Clare Pankhania

### ATTENDANCE

The display board at the front of the school shows each year group's weekly attendance.

**SCHOOL ATTENDANCE TARGET IS 96%**

**BEST ATTENDANCE: 98.1% (CLASS RC)**

**WELL DONE**

**OUR WHOLE SCHOOL ATTENDANCE IS**

**WELL BELOW TARGET AT 90.9%**

### DATES FOR YOUR DIARIES THIS WEEK:

#### **Wednesday 19<sup>th</sup> January 6pm:**

Y5 Woodrow High House Trip Meeting for Parents via Zoom

#### **Friday 21<sup>st</sup> January:**

Y3 Trip to Natural History Museum

## **PARENT ZONE**

### **Parental agreement for safe return to school of all pupils on 5<sup>th</sup> January 2022**

**You must read, understand and agree every point before sending your child to school**

The safe opening of school is dependent upon avoiding all contact with anyone who is, or could be, infected with coronavirus. The safety of our whole community is dependent on all of us following these rules. They must be followed:

- **I will never enter any part of the school site if me or my child has any of the symptoms of Covid 19**

#### **Symptoms of Coronavirus**

- **high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)**
  - **new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)**
  - **loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal**
  - **Please note that the symptoms of the Omicron variant are often likened to those of a cold. If your child has a cold, there is a more than 50% chance that they actually have COVID-19**
- 
- **If my child has any of these symptoms, regardless of what I think may have caused them, I will ensure that they take a PCR test. I know that my child will be allowed to return to school once they have received a negative result or, if the test is positive, that they have self-isolated for 10 days**
  - **If my child receives a positive PCR test, I will let the school know and ensure that they self-isolate for 10 days from the start of symptoms (or test date if no symptoms)**
  - **If my child is a contact of someone who has tested positive for COVID 19, I know that government guidance is that they should take a LFD test every day for 7 days, seeking a PCR test if they have a positive result during the 7 days**
  - **I know that if my child develops symptoms of Covid 19 (see above) at school, I will be contacted and asked to collect them immediately. I will take them for a PCR test as soon as possible. I know that my child will be allowed to return to school once they have received a negative result or, if the test is positive, that they have self-isolated for 10 days**

In addition, I know that in sending my child to school I am agreeing that everyone in my household will follow every one of these steps. I know that this is essential to ensure the safety of my child, Highworth staff and our community.

- I know that if my child is unable to attend school, I need to email [reception@highworthcombined.co.uk](mailto:reception@highworthcombined.co.uk), giving the following information: child's name and class; likely length of absence; Reason for absence. Please specify whether this is due to:
  - Illness and that this is unrelated to Covid 19
  - Self-isolation due to symptoms of Covid 19, or contact with a positive case
- I will send my child to school every day with a bottle of water with their name written clearly on it as I know that the school drinking fountains will not be available
- I will send my child to school with their lunchbox if needed
- If my child is in Nursery, I will send them to school with a change of clothes in a named bag
- I will ensure that my child is ready to start lessons by arriving between 8.45am and 8.55am. If my child is late, I know that I will need to take them to the main office entrance to the school and that they will be recorded as having arrived late
- If my child is in Nursery, I know that I should take them into the cloakroom, help them hang up their coat etc. and then accompany them into the classroom
- If my child is in Reception, I will wait with them behind the gate to the playground until it opens at 8.40am, when I will walk with them to the classroom door
- If my child is in Years 1 to 4, I will ensure that they are supervised until the gates to the quadrangle open, when I will say goodbye and allow them to walk independently to their classroom
- If my child is in Year 5 or 6, I know that they will be able to walk to the door to their classroom at 8.40am when the gate to the playground opens
- I will collect my child promptly at 3.20pm from the door to the classroom. If I wish my child (years 4 to 6 only) to walk home independently, I will send a letter saying so to their class teacher
- I will send my child to school in their school uniform, except when they have a PE lesson (please see new Uniform guide)
- I will send my child to school in their PE kit one day a week, when their class has a PE lesson:
  - Monday: Year 4 and Year 6; Tuesday: Year 3; Wednesday: Year R and Year 1; Thursday: Year 5; Friday: Year 2
- If my child is having a school packed lunch, I will order it on line before Thursday each week for the following week (for all year groups including Nursery and Reception). I will do this even if my child qualifies for a free school meal.
- I will not send hand sanitiser to school with my child as I know that they will wash their hands several times during the day
- I will ensure that I have given my child any required medication and applied sun protection or lotions before they come to school
- I will not send my child to school with a pencil case as I know that one will be provided by school

## **Information for Parents**

### **COVID-19 Testing**

Twice weekly testing using Lateral Flow Devices (LFDs) remains recommended for the families of school-aged children. These are available for free, see this link to order: [Order coronavirus \(COVID-19\) rapid lateral flow tests - GOV.UK \(www.gov.uk\)](https://www.gov.uk/order-coronavirus-covid-19-rapid-lateral-flow-tests)

This helps to identify if you or your child is infected so that others in the school and wider community can be protected. Please note that this type of testing is only for people without symptoms of COVID-19 and if you test positive, you need to self-isolate and arrange for a free confirmatory PCR test via this link:

[Get a free PCR test to check if you have coronavirus \(COVID-19\) - GOV.UK \(www.gov.uk\)](https://www.gov.uk/get-free-pcr-test-check-if-you-have-coronavirus-covid-19)

### **COVID-19 Vaccination**

People aged 16 and over, including adults, can book a vaccination appointment through the National Booking System or attend a walk-in clinic:

- [Book or manage a 1st or 2nd dose of the coronavirus \(COVID-19\) vaccination - NHS \(www.nhs.uk\)](https://www.nhs.uk/book-or-manage-a-1st-or-2nd-dose-of-the-coronavirus-covid-19-vaccination)
- [Find a walk-in coronavirus \(COVID-19\) vaccination site - NHS \(www.nhs.uk\)](https://www.nhs.uk/find-a-walk-in-coronavirus-covid-19-vaccination-site)

Severe illness and death from COVID-19 infection are more likely with increasing age. Therefore, adults are more vulnerable than children and it is important that you are vaccinated as well as any of your eligible children to protect your and your family's health.

If you are eligible for a COVID-19 booster vaccination (people aged 50 and over, or anyone aged 16 and over with a high-risk health condition) then you can book an appointment to have it [here](#), although please note that it must be at least 6 months since your second dose of the vaccine. This will help to top-up your protection against COVID during the Winter months.

### **Flu and other winter viruses**

As we move into winter, other viruses may start to spread, causing flu and colds. The symptoms from these infections can be similar to those of COVID-19.

It is important to get a free PCR test for COVID-19 first if you or your child develops any of the following: a new continuous cough; a raised temperature; a change in taste or smell. If this test is negative, it is still important to continue testing twice-weekly using LFDs as you or your child might go on to become infected with COVID-19 later.

People who are eligible, including children aged 2-15 years old and anyone between the ages of 6 months and 50 years old who is clinically vulnerable can have a free NHS flu vaccine this year, which is the best way of protecting ourselves and those around.
