

Science at Highworth

Primary Science Quality Mark

During this academic year we will be working towards achieving the Primary Science Quality Mark (PSQM) award, which acknowledges and develops quality Science teaching and learning in schools.

As part of the award, in the past few weeks, the staff and children at Highworth have helped to create our Science Principles:

Science at Highworth is going well when...

1. Learning

We keep learning, both in and outside of our Science lessons.

2. Asking

We are curious and are inspired to ask lots of questions.

3. Doing

We work practically to investigate our ideas and questions.

4. Understanding

Our learning and discoveries help us to understand the world around us.

5. Exciting!

Everyone in the Highworth community is excited and enthusiastic about our Science learning!
